

DEVOPSDAYS TORONTO '16

After two hugely successful editions in 2014 & 2015, the team is back at it again, preparing DevOpsDays Toronto 2016: the DevOps event no one should miss.

May 25 Day of Workshops*
May 26 & 27 DevOpsDays Conference

The Exposure

Sponsoring DevOpsDays Toronto is a unique opportunity to connect with nearly 400 of the best minds in the industry (And feel great about it, too!).

Like the prospects? Want to expose your brand to key influencers? Check out our sponsorship packages.

The Venue

The event will be held at the beautiful Glen Gould Studios @ CBC at the base of the CN Tower.

The Attraction

DevOpsDays Toronto has a proven track record of attracting the highest quality speakers, experts and the curious alike.

*This year we are innovating, by adding a preconference day of workshops on May 25th (contingent on participation). It will be the opportunity for sponsors and community leaders to educate and showcase their tools.

If you are interested or have questions, we want to hear from you!
