PARTNER OPPORTUNITIES

ABOUT DEVOPSDAYS

DevOpsDays is a worldwide series of technical conferences and it was held in Oslo for the first time in 2016. Following the success of last year's conference, we're proud to invite you to DevOpsdays 2017 in OSLO.

DevOpsDays is a self-organizing conference and brings together leaders in Software Development and IT Operations to collaborate and learn from each other. It is both a technical conference and a conference focusing on culture, processes and structure within organizations. We encourage both technologists and business people to attend, learn and share experiences.

BECOME A PARTNER

For the 2017 conference we have teamed up with Macsimum, experts in hosting IT-conferences like Javazone, NIC, NDC Oslo/London/Sydney, Paranoia, EHiN and OUGN among others.

By sponsoring DevOpsDays you'll get the opportunity to network and build relationships with highly motivated developers, sysadmins, IT executives and managers within the burgeoning Scandinavian DevOps community.

Our sponsorship packages are constructed to offer our sponsors lead generation, networking, branding, and talent recruitment.
