THE FIRST WAY

SYSTEMS THINKING.

- Flow • UNDERSTANDING • SYSTEM PERFORMANCE.

Testing as a culture throughout the system

Testing holistically

Act as a communication bridge

Testing mindset

Using a variety of tools + techniques

Monitoring == Testing

Making sure architecture of systems promotes testability

Non-deterministic testing
↳ include the unknown unknowns

Bureaucracy

Conflict of interest

Testing as a service

Testing silos

Understanding difficult systems

THE SECOND WAY

SHORTENING / AMPLIFYING FEEDBACK LOOPS.

- KNOWLEDGE • METRICS • STAKEHOLDERS • SHARING •

AUTOMATED REPORTING

DIFF LEVELS OF TEST.
DEMONSTRATION / SPRINT DEMOS - INCLUDE OPS. CROSS FUNCTIONALS.

DEMO STORIES

AUTO BUILDS - ALERTS FOR ERRORS

COMMUNICATE RISKS

USE CLOUD TOOLS

DEFINE SUCCESS

VISUALISE SUCCESS + MONITOR

HYPOTHESIS DRIVEN TESTING.

A - B TESTING

3 AMIGOS (WHERE THE OPS?)

INVITE OPS TO RETROS / STAND UPS

FEATURE SWITCHES

DISPLAY LIVE METRICS ON SCREENS AROUND THE OFFICE

SHARE MONITORING RESULTS PRODUCTION / TEST

USE RESULTS OF LOSING EFFECTIVELY

USE SHARING TOOLS

SHARE O'CLOCK

PAIRING

THE THIRD WAY

CULTURE OF EXPERIMENTATION & LEARNING

- TIME FOR IMPROVEMENT • REWARD RISK-TAKING
- WHOLE TEAM "SIGN OFF" - REDUCE BLAME GAME
- LESSONS LEARNED < FAILURE'S SUCCESS
- AREAS OF RISK

↳ MORE EXPLORATORIC
↳ LESS DETERMINISTIC

REPORTING & LOGGING - MONITORING

INVESTIGATIVE JOURNALISTS

- * AWARENESS / COMMS OF WORK DONE / PROBLEMS EXPERIENCED - INTERNALLY
- * COMMS OF WORK DONE - EXTERNALLY

- * KNOWLEDGE OF HOW "WHAT WE'VE DONE" IS USED

3rd Way "Genius / SCIENTIST"

- Rewards & Incentives for taking risks/experimenting.
- Culture of accepting failure / being allowed to fail.
- Feedback loops
- Egoless.
- Sharing of knowledge / being open.
- Cross silos.
- Culture yes/no

INVESTIGATIVE REPORTER "2nd Way"

- Compromise of feature over performance
- Discrepancy between Dev + Prod
- End delivery of customer expectations
- Transparency of Objectives (moving goalposts)
- Customer access circumvention

A wide-angle photograph of a rural landscape. In the foreground, there's a dry-stacked stone wall running across the frame. Beyond it is a lush green field. A small, shallow stream or path leads from the bottom left towards the center of the image, eventually disappearing into a cluster of buildings. The background features more fields and rolling hills under a sky filled with large, white and grey clouds.
