

DevOpsDays Seattle 2024

Sponsorship Prospectus

May 14 -15, 2024

About the Event

In 2009 the term DevOps was created by the founders of DevOpsDays. If you want to reach DevOps practitioners, this is the place to do it.

The event is volunteer run and not-for-profit, so it's inexpensive both to sponsor and to attend. This means we're able to attract people who are not willing or able to pay for expensive commercial conferences.

DevOpsDays also uses a unique combination of curated content and attendee driven “open spaces” to ensure everyone has an opportunity to learn or teach about the subjects most important to them.

About the Venue

We are please to share that we will be returning to the Seattle Convention Center's Arch at 705 (floor 6) venue for May 2024 - [floor plan](#).

The Arch at 705 Pike has over 200,000 square feet of space in the heart of downtown Seattle. A gorgeous naturally lit multi-floor lobby leads you directly to the conference center, lunchroom and sponsor space.

Questions? seattle@devopsdays.org

Demographics and Interactions

In previous years we expected about 250-300 in-person attendees each year over 2 days of events.

DevOpsDays events tend to attract practitioners as opposed to senior management. The best way to interact with attendees at any DevOpsDays event is to engage with them at the practitioner level and we encourage folks to attend and participate in the discussions.

Scheduled: May 14 - 15, 2024
